

Memorys AfterLife

Partner Program Guide

Help families protect their most important photos, videos, and memories while growing your organization through referral commissions.

Who We Partner With

Funeral Homes • Estate Planning Attorneys • Financial Advisors • Senior Living Communities • Community Organizations and more.

Why Families Need Memorys AfterLife

Millions of family memories are stored on phones, computers, and cloud accounts. When access is lost, those memories can disappear forever. Memorys AfterLife provides a secure digital memory vault designed to preserve and transfer memories to trusted beneficiaries.

Family Archive Plan (Most Popular)

\$19/month or \$190/year

10 GB Secure Storage
Encrypted Cloud Storage
Beneficiary Protection
Mobile App Access

Partner Benefits

- 1 Unique referral code and referral link
- 2 Real-time referral dashboard
- 3 Commission tracking and reporting
- 4 Marketing materials and resources
- 5 Quarterly commission payouts

How Referrals Work

1. Share your referral link.
2. Families sign up using your code.
3. Referrals are automatically tracked.
4. Commissions appear in your dashboard.
5. Qualified commissions are paid quarterly.

Simple Client Explanation

“Most estate plans protect financial assets, but not digital memories. If a phone remains locked or account access is lost, family photos and videos may be inaccessible. Memorys AfterLife provides a secure solution for preserving those memories and passing them to loved ones.”

Partner Dashboard Features

- 1 Referral code management
- 2 Referral activity tracking
- 3 Commission balance tracking
- 4 Lifetime earnings reporting
- 5 Partner resources and marketing tools

Marketing Opportunities

Approved partners can request brochures, referral cards, QR codes, website graphics, co-branded materials, and educational resources.

Become a Partner

Apply online, receive approval, obtain your referral code, and begin helping families preserve their digital legacy.

A promotional graphic for Memory's AfterLife. The background is a warm, golden-brown color. In the upper right, there is a framed photograph of a family of five. Below the frame, several physical photographs are scattered on a wooden surface. A smartphone is positioned in the lower right, displaying the Memory's AfterLife app interface. The app screen shows the company logo (a tree inside a square) and the text "MEMORY'S AFTERLIFE", followed by the tagline "Preserve Today. Protect Tomorrow. Pass On Forever." and a small heart icon. On the left side of the graphic, the headline "Protect Your Memories Pass Them On." is written in a serif font, with "Memories" in a larger, bold, golden-brown font. Below the headline is a small heart icon and a paragraph of text: "Secure photos, videos, and important memories today so they reach the people you love tomorrow." Below this text are four icons, each with a title and a brief description: 1. A padlock icon for "Secure & Encrypted" (Bank-level encryption keeps your memories safe and private). 2. A cloud with an upward arrow icon for "Store What Matters" (Photos, videos, and important files in your private vault). 3. An icon of two people for "Choose Your Beneficiary" (You decide who receives your memories in the future). 4. A tree icon for "Preserve Your Legacy" (Ensure your stories and memories live on for generations). At the bottom of the graphic is a dark blue horizontal bar. On the left of this bar is the Memory's AfterLife logo (a tree inside a square). To its right is the text "MEMORY'S AFTERLIFE More Than Cloud Storage. It's Legacy Protection." On the far right of the bar is a shield icon containing a family silhouette, followed by the text "Don't let your memories be lost or forgotten. Protect them. Pass them on."
